

Michael Granillo		1 <sup>st</sup> Quarter	Week Beginning: August 7 - 10
School Year: 2023-24		Subject: Algebra 1	
Monday	Notes:	<p>Objective: Students will write numerical expressions by interpreting words as mathematical symbols</p> <p>Lesson Overview: Continued from Friday. List words that mean add, subtract, multiply and divide</p>	<p>Academic Standards: A.SSE.1b A.SSE.2</p>
Tuesday	Notes:	<p>Objective: Students will write and evaluate algebraic expressions</p> <p>Lesson Overview: 1-2) We will build on the fluency from yesterday, with regards to evaluating algebraic expressions. Students will move from translating to real word problems.</p>	<p>Academic Standards: A.SSE.1 A.SSE.2</p>
Wednesday	Notes:	<p>Objective: Students will apply the properties of real numbers to simplify expressions</p> <p>Lesson Overview: 1.3) We will go over examples of how we can rearrange numbers to make the math easier to evaluate.</p>	<p>Academic Standards: A.SSE.2</p>
Thursday	Notes:	<p>Objective: Quiz over lessons 1.1-1.3</p> <p>Lesson Overview: Quiz on translating and evaluation numerical and algebraic expressions</p>	<p>Academic Standards: N/A</p>
Friday	Notes:	<p>Objective:</p> <p>Lesson Overview:  No School</p>	<p>Academic Standards:</p>
