

Name: Fergen		Grading Quarter: Q1	Week Beginning: W6
School Year: 2023		Subject: Geometry	
Monday	Notes: No School	Objective: Lesson Overview:	Academic Standards:
Tuesday	Notes:	Objective: By the end of this lesson, the student will be able to find perimeter, circumferences, and areas of two dimensional figures. Lesson Overview: <ul style="list-style-type: none"> - Warm up - Lesson 2-3: Two Dimensional Figures - Stations - Homework 	Academic Standards: G.GPE.7, G.MG.1
Wednesday	Notes:	Objective: By the end of this lesson, the student will be able to apply the distance formula to calculating perimeter, circumference, and area on a coordinate plane. Lesson Overview: <ul style="list-style-type: none"> - Warm-up - Lesson 2-3: Two Dimensional Figures on Coordinate Plane - Whiteboards - Homework 	Academic Standards: G.GPE.7, G.MG.1
Thursday	Notes:	Objective: By the end of this lesson, the student will be able to apply the distance formula to calculating perimeter, circumference, and area on a coordinate plane. Lesson Overview: <ul style="list-style-type: none"> - Warm up - Lesson 2-3 - Kahoot - Homework 	Academic Standards: G.GPE.7, G.MG.1
Friday	Notes:	Objective: By the end of the lesson, the student will be able to identify and create different two dimensional shapes using Tangrams. Lesson Overview: <ul style="list-style-type: none"> - Tangram Worksheet - Notebook Check 	Academic Standards: G.GPE.7, G.MG.1
