

Name: Kindergarten		Grading Quarter: Q1	Week Beginning: Sep 4 – Sep 8
School Year: 2023 - 2024		Subject: Science	
Monday	Notes: NO SCHOOL	Objective: Lesson Overview:	Academic Standards:
Tuesday	Notes: Lesson 3: Places Plants Live Day 7	Objective: <ul style="list-style-type: none"> Students will construct explanations about the patterns of where plants live and their needs. Lesson Overview: Read aloud the questions students had at the beginning of the lesson. Have students draw in their notebooks to answer the phenomenon questions.	Academic Standards: ESS3.A
Wednesday	Notes: Lesson 4: Places Animals Live Day 1	Objective: <ul style="list-style-type: none"> Students will construct explanations about the patterns of where animals live and their needs. Lesson Overview: Point to each character, say the character's name, and read their claim. Make sure students understand what each character is saying. Then ask students to choose the friend they think has the best idea about where animals live. This probe works well with the Draw Your Thinking strategy. On a separate pice of paper, have students draw what they think is the best idea.	Academic Standards: ESS3.A
Thursday	Notes: Lesson 4: Places Animals Live Day 2	Objective: <ul style="list-style-type: none"> Students will construct explanations about the patterns of where animals live and their needs. Lesson Overview: Start a class discussion with the following prompts: <ul style="list-style-type: none"> Where are the otters in the photo and video? What is the otter in the video doing? Record responses and questions on the board or chart paper to refer to as you move throught the lesson. Have students draw a picture of their favorite animal and where it lives and what it eats. Allow studetns to research online where their favorite animal lives and what it eats.	Academic Standards: ESS3.A

Friday	<p>Notes:</p> <p>Lesson 4: Places Animals Live Day 3</p>	<p>Objective:</p> <ul style="list-style-type: none">• Students will construct explanations about the patterns of where animals live and their needs. <p>Lesson Overview:</p> <p>Students will observe different types of animals that live in and around their school.</p>	<p>Academic Standards:</p> <p>ESS3.A</p>
