

Name: Kindergarten		Grading Quarter: Q1	Week Beginning: Sep 25 – Sep 29
School Year: 2023 - 2024		Subject: Science	
Monday	Notes: Unit 1 STEM Module Project Day 4	Objective: <ul style="list-style-type: none"> Students will use what they've learned throughout the module to make a model habitat that includes plants, animals, and the things they need. Lesson Overview: To ensure the safety of the animals, carefully place the animals in the habitat for students. Have them revisit the STEM Connection: <i>What Does a Park Ranger do?</i> Prompt students to make a connection with how a park ranger's skills would help them with this project.	Academic Standards: ESS3.A
Tuesday	Notes: Unit 1 STEM Module Project Day 5	Objective: <ul style="list-style-type: none"> Students will use what they've learned throughout the module to make a model habitat that includes plants, animals, and the things they need. Lesson Overview: Have students draw a picture of the habitat and animal they just created. Have them label the plants and animals and help them write their labels, if necessary.	Academic Standards: ESS3.A
Wednesday	Notes: Unit 1 STEM Module Project Day 6	Objective: <ul style="list-style-type: none"> Students will use what they've learned throughout the module to make a model habitat that includes plants, animals, and the things they need. Lesson Overview: Have students revisit the photo of the poppy and bee and replay the video from the beginning of the module. What kind of things do they see in the photo?	Academic Standards: ESS3.A
Thursday	Notes: Unit 1 Review	Objective: Review Unit 1 Lesson Overview:	Academic Standards: ESS3.A

Friday	Notes: Unit 1 Assessment	Objective: Unit 1 Assessment Lesson Overview:	Academic Standards: ESS3.A
