

Michael Granillo		2 nd Quarter	Week Beginning: October 23rd
School Year: 2023-24		Subject: Algebra 2H	
Monday	Notes:	<p>Objective: students will graph and analyze square root and cube root functions through their graphs</p> <p>Lesson Overview: 6.4 - After bell work, we will look at the parent graphs for the square root and cube root functions and then apply transformations to them.</p>	<p>Academic Standards: F.IF.7b F.BF.3</p>
Tuesday	Notes:	<p>Objective: Students will simplify and perform operations with radical expressions.</p> <p>Lesson Overview: 6.5 - After bell work, we will learn how to add, subtract, and multiply radicals. We will also cover how to rationalize the denominator.</p>	<p>Academic Standards: S.SSE.2</p>
Wednesday	Notes:	<p>Objective: Students will build on solving principles by solving radical equations.</p> <p>Lesson Overview: 6.6 - After bell work, we will look at several examples of how to solve radical equations, including those that require the use of the quadratic formula.</p>	<p>Academic Standards: A.REI.2</p>
Thursday	Notes:	<p>Objective: Students will review the topics of Chapter 6.</p> <p>Lesson Overview: Chapter 6 review</p>	<p>Academic Standards: All the above</p>
Friday	Notes:	<p>Objective: Students will have the opportunity to show their level of mastery of the topics in Chapter 6.</p> <p>Lesson Overview: Chapter 6 Test .</p>	<p>Academic Standards: All the above.</p>
