

Michael Granillo		2 nd Quarter	Week Beginning: October 23rd
School Year: 2023-24		Subject: Physics (H)	
Monday	Notes:	Objective: Students will have the opportunity to apply what they have learned in Chapter 6 to a test. Lesson Overview: Chapter 6 Test	Academic Standards:
Tuesday	Notes:	Objective: Students will apply the concepts of momentum and impulse by working on their egg drop project. Lesson Overview: Egg drop project	Academic Standards: HS.P2U1.5
Wednesday	Notes:	Objective: Students will apply the concepts of momentum and impulse by working on their egg drop project. Lesson Overview: Egg drop project	Academic Standards: HS.P2U1.5
Thursday	Notes:	Objective: Students will define work and how it relates to potential and kinetic energy Lesson Overview: 7.1-7.3 - We will introduce the concept of work as it relates to force, and draw parallels to energy	Academic Standards:
Friday	Notes:	Objective: Students will investigate the Work-Energy Theorem and apply it to real world problems Lesson Overview: 7.4 - We will bring together the concepts of force, friction, and energy.	Academic Standards:
