

Name: Grace & Tucker		Grading Quarter: 2 nd	Week Beginning: 10/14/24 - 10/18/24
School Year: 2024 - 2025		Subject: 4 th Grade Math Week 11	
Mon	Notes:	Objective: Lesson Overview: NO SCHOOL – PROFESSIONAL DEVELOPMENT	Academic Stds:
Tues	Notes: Begin 2 nd Qtr	Objective: I can multiply a whole number of up to four digits by a one-digit whole number, and multiply two two-digit numbers, using strategies based on place value and the properties of operations. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models. Lesson Overview: <ol style="list-style-type: none"> L6.1: Multiply by multiples of 10, 100, or 1000. Notes: Vocab – Assoc Property. Review multiplying by 10 and use place value to expand to 100 and 1000. Whole class examples Prac p. 47/48 	Academic Stds: 4.NBT.B.5, 4.OA.A.3
Weds	Notes:	Objective: I can multiply a whole number of up to four digits by a one-digit whole number, and multiply two two-digit numbers, using strategies based on place value and the properties of operations. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models. Lesson Overview: <ol style="list-style-type: none"> Math Facts timed test – 5 mins L6.2: Estimate Products – use rounding and compatible numbers to estimate products TSW independently complete On Your Own p. 171/172 	Academic Stds: 4.NBT.B.5, 4.OA.A.3
Thurs	Notes:	Objective: I can multiply a whole number of up to four digits by a one-digit whole number, and multiply two two-digit numbers, using strategies based on place value and the properties of operations. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models. Lesson Overview: <ol style="list-style-type: none"> L6.3: Use the Distributive Property to multiply. Notes: Vocab – Dist. Property. Day 1 Whole class examples Prac p. 51-52 GimKit – addition with regrouping practice 	Academic Stds: 4.NBT.B.5, 4.OA.A.3
Fri	Notes:	Objective: I can multiply a whole number of up to four digits by a one-digit whole number, and multiply two two-digit numbers, using strategies based on place value and the properties of operations. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models. Lesson Overview: <ol style="list-style-type: none"> L6.3: Use the Distributive Property to multiply – Day 2 TSW independently complete On you Own p. 175/176 	Academic Stds: 4.NBT.B.5, 4.OA.A.3
