

Name: Woods		Grading Quarter: 2	Week Beginning: 12/2/24
School Year: 24-25		Subject: Algebra 2	
Monday	Notes:	<p>Objective: Students will be able to factor by grouping.</p> <p>Lesson Overview: Notes – strategies for factoring, including factoring by grouping. Pull a GCF out of each group to create two identical factors. Practice together, then independently.</p>	<p>Academic Standards: A.APR.1 Perform arithmetic operations on polynomials. Understand that polynomials form a system analogous to the integers, namely, they are closed under the operations of addition, subtraction, and multiplication; add, subtract, and multiply polynomials.</p>
Tuesday	Notes:	<p>Objective: Students will be able to use the Remainder Theorem.</p> <p>Lesson Overview: Notes – How the remainder theorem applies to long and synthetic division. Discuss how to use the opposite sign on the divisor so it is equivalent to the zero of the term.</p>	<p>Academic Standards: A.APR.1 Perform arithmetic operations on polynomials. Understand that polynomials form a system analogous to the integers, namely, they are closed under the operations of addition, subtraction, and multiplication; add, subtract, and multiply polynomials.</p>
Wednesday	Notes:	<p>Objective: Students will be able to use the Remainder Theorem.</p> <p>Lesson Overview: Notes – How the remainder theorem applies to long and synthetic division. Discuss how to use the opposite sign on the divisor so it is equivalent to the zero of the term.</p>	<p>Academic Standards: A.APR.1 Perform arithmetic operations on polynomials. Understand that polynomials form a system analogous to the integers, namely, they are closed under the operations of addition, subtraction, and multiplication; add, subtract, and multiply polynomials.</p>
Thursday	Notes:	<p>Objective: Students will be able to answer ACT questions.</p> <p>Lesson Overview: Sign students up on “March2Success” website and use it to practice ACT concepts.</p>	<i>All standards</i>
Friday	Notes:	<p>Objective: Students will be able to answer ACT questions.</p> <p>Lesson Overview: Continue working on “March2Success” website and use it to practice ACT concepts.</p>	<i>All standards</i>
