Citizens and Governing Board
Blue Ridge Unified School District No. 32
1200 W. White Mountain Blvd.
Lakeside, AZ 85929

State law mandates that school districts required to undergo an annual single audit publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States by a certified public accounting firm licensed in the State of Arizona. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of the Blue Ridge Unified School District No. 32 (District) for the fiscal year ended June 30, 2023.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free of material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's financial statements have been audited by Heinfeld, Meech & Co., P.C., a certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2023, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2023, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditor's report is presented as the first component of the financial section of this report.

www.brusd.org

The independent audit of the financial statements of the District was part of a broader, federally mandated Single Audit as required by the provisions of the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the District's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in a separately issued Single Audit Report.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

Profile of the District

The Blue Ridge District is located in the community of Pinetop-Lakeside, part of the scenic White Mountains, an area well-known for its outdoor activities, including hiking, hunting, fishing and skiing. There are approximately 4,600 year-round residents. The local community's economy is hospitality-based, relying most on tourism. Sitting at an elevation of 6,800 feet, Pinetop-Lakeside offers clean crisp air, miles of trails through the world's largest Ponderosa Pine Forest, and over 200 streams and lakes. The population of the area swell in the summer months to over 35,000 to 40,000 people. Households in Pinetop-Lakeside have a median annual income of \$56,050, which is less than the median annual income of \$65,712 across the entire United States.

Blue Ridge Unified School District No. 32 was established in 1963 and is one of 22 public school districts located in Navajo County, Arizona. Our three schools provide public education programs for approximately 1,619 students grades K-12 (51 of which are from the communities of Concho, McNary and Whiteriver). Blue Ridge Elementary supports approximately 752 students, grades PK-6. The junior high and high schools serve 266 and 601 students, respectively. Projected enrollment for 2023-24 is 1,681 students.

Students in grades 7-12 enjoy a wide range of curricular, co-curricular and extracurricular activities. Blue Ridge High School also provides opportunities for its students to participate in Career and Technology Education, CTE programs both onsite and through our association with Northern Arizona Vocational Institute of Technology (NAVIT). Northern Pioneer College provides concurrent enrollment opportunity for our high school students, enabling them to receive college credit while attending high school. Our academic, fine arts and athletic programs have longstanding traditions of excellence and high achievement.

A few large retailers such as Walmart, Summit Health Care, Home Depot and Lowes combined employ several hundred full-time employees. The Blue Ridge Unified School District employs about 266 people, making it one of the largest employers in the immediate area.

Property valuations have begun to improve over the last 24 months, and real estate locally has experienced an increase in value. Homes are selling faster than normal; however, the construction industry has not approached pre-recession levels, nor is it expected to do so. Most new construction is targeted to second home owners and retirees. There are no immediate plans for building large-

scale single-family home projects. The District does not anticipate experiencing any significant growth over the next several years. However, it has consolidated its facilities to position itself in the event it experiences either rapid growth or declining enrollment. The average age of school buildings is 40 years old.

Arizona public school districts are supported on a current year funding basis which has further complicated school funding. Student enrollment drives district financial resources based on average daily membership (ADM), or student count. This reality makes long-term financial planning difficult for school districts statewide. The ability to maintain the current level of educational and extracurricular programs will be based largely on the District's ability to successfully pass future override initiatives. The current level of educational and extracurricular programming cannot be maintained past 2024 without additional override or state-funded support.

The District's Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenditures/expenses.

The Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and governance of schools. The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate body that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government with a separately elected governing body, is legally distinct, and is fiscally independent of other state or local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity. Furthermore, component units combined with the District for financial statement purposes and the District are not included in any other governmental entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable. The District's major operations include education, student transportation, construction and maintenance of District facilities, food services, and extracurricular functions including music and athletic programs.

The District has outstanding bond obligations in the amount of \$15.3 million against a total bonding capacity of \$67.7 million. It is important to note that Proposition 301 monies were set to expire in 2021 but were extended for another 20 years. These dollars provide much needed salary increases for instructional staff.

Capital funding for all public school districts remains woefully short of meeting operational needs. A lawsuit against the state has been seen and full restoration should occur the next two years.

The District maintains budgetary controls as an integral part of its overall system of internal controls. The objective of these budgetary controls is to ensure compliance with legal provisions included in the annual expenditure budget adopted by the District's Governing Board. The annual expenditure budget also serves as the foundation for the District's financial planning and control. Activities of the

general fund, special revenue funds, and capital projects funds are included in the annual appropriated budget. The level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) is the total adopted expenditure budget. Arizona Revised Statutes permits the adopted expenditure budget to be revised annually. The District additionally exercises management control and oversight of the budget at the fund level. The District may have overexpenditures of budgeted funds as long as the necessary revenue is earned. The District is not required to prepare an annual budget of revenue; therefore, a deficit budgeted fund balance may be presented.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

Local Economy. The single most influential driver of our local economy is tourism. The town of Pinetop-Lakeside serves as a destination location for summer, fall and winter tourists. Hiking, fishing, hunting, and skiing draw considerable numbers of tourists each year. Wildfires and dry winter months present significant financial risks to the local economy.

Local business consist mostly of retail, restaurant, and lodging operations. Summit Health Care is the anchor for the community's medical facilities. The region has suffered a reduction in high paying jobs at three power plants operated by Tucson Electric, Arizona Public Service and the Salt River Project over the last several years. Each of these organizations is slowly scaling back their respective business operations locally in the coming years.

The District's growth in its free and reduced lunch programs demonstrates an increase in residents living at or below the poverty level. Since the recession of 2008, unemployment in the broader region has remained higher than statewide levels. The surrounding communities generally have lower property values, driving a lower cost of living, which seems to attract young families to neighboring communities.

Long-term Financial Planning.

Funding for Arizona public schools is driven by average daily membership (ADM), or student count. Recently, the Arizona Legislature changed the way in which school districts receive funding. Until just recently, funding was based upon prior year's student population. This approach enabled school districts to estimate their financial resources for future planning. The new funding mechanism, (current year) forces districts to adjust their staffing and programing immediately to achieve operational alignment with allocated resources (as determined by current student populations). Strategic planning is made difficult in the absence of certainty of financial resources. Therefore, schools are forced to take a more reactive approach within their planning and operations.

In March 2015, the Governing School Board authorized its superintendent to implement a District-wide strategic plan which, among other things, called for an evaluation of the District's people, programs and future budget recommendations. As a result, by the end of the 2015 school year, several changes were made impacting both personnel and programs.

By the beginning of the 2016-17 school year, the District had consolidated a number of administrative positions, reducing its administrative costs by \$463,000 dollars. Additional operational changes were made to increase efficiency while reducing costs.

In the spring 2016, the superintendent formed a committee represented by all key educational stakeholders to evaluate the condition of the District's existing facilities and educational supports. Discovered by the Committee was the impact of years of deferred maintenance resulting from deep and lasting cuts to the District's capital funding. Subsequently, many of the District's facilities and assets were found in a state of disrepair. After a series of community hearings and committee meetings, the Board approved a \$15 million bond election. The bond was approved during the November 2016 presidential election, followed by a successful bond sale in December of that same year. Since that time, over \$10 million has been invested in busses, computers, facilities and buildings. The bond dollars also funded the consolidation of the elementary and middle schools, and the relocation of the junior high. In addition, the District strategically relocated students to our newest, most energy efficient campus, while restoring and reopening a school closed for seven years. The consolidation also repurposed our oldest, least efficient school building by leasing a good portion of it to a local church. The remaining portion services our pre-K programs.

The District will implement its Education Master Plan prior to the start of the 2023-24 school year. This plan considers immediate and future operational and educational needs District-wide from 2014-28. The financial resources required to support identified needs will be incorporated within the plan. In addition, future planning will include the operational adjustments required to respond to both student growth and declining enrollment.

Awards and Acknowledgment

Awards. The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its annual comprehensive financial report for the fiscal year ended June 30, 2022. This was the sixth consecutive year that the District has received this prestigious award. In addition, the Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its annual comprehensive financial report for the fiscal year ended June 30, 2022. In order to be awarded these certificates, the District published an easily readable and efficiently organized annual comprehensive financial report. This report satisfied both accounting principles generally accepted in the United States of America and applicable legal requirements.

These certificates are valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the programs' requirements and we are submitting it to ASBO and GFOA to determine its eligibility for the fiscal year ended June 30, 2023 certificates.

Acknowledgments. The preparation of the annual comprehensive financial report on a timely basis was made possible by the dedicated service of the entire staff of the business and finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the Governing Board of the District, preparation of this report would not have been possible.

Respectfully submitted,

Independent Auditor's Report

Governing Board
Blue Ridge Unified School District No. 32

Report on Audit of Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Blue Ridge Unified School District No. 32 (District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Blue Ridge Unified School District No. 32, as of June 30, 2023, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Blue Ridge Unified School District No. 32 and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 1, the District implemented the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, for the year ended June 30, 2023, which represents a change in accounting principle. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, and net pension liability information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the

information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Combining and Individual Fund Financial Statements and Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Combining and Individual Fund Financial Statements and Schedules information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Introductory Section and Statistical Section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on other work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2024, on our consideration of Blue Ridge Unified School District No. 32's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Blue Ridge Unified School District No. 32's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Blue Ridge Unified School District No. 32's internal control over financial reporting and compliance.

Management's Discussion and Analysis (MD&A)
(Required Supplementary Information)

(This page intentionally left blank)

Blue Ridge Unified School District No. 32
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

As management of the Blue Ridge Unified School District No. 32 (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2023. The management's discussion and analysis is presented as required supplementary information to supplement the basic financial statements. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

Financial Highlights

- The District's total net position of governmental activities increased \$1.8 million which represents a seven percent increase from the prior fiscal year primarily as a result of the increased base level support rate.
- General revenues accounted for \$17.6 million in revenue, or 64 percent of all current fiscal year revenues. Program specific revenue in the form of charges for services and grants and contributions accounted for \$10.1 million or 36 percent of total current fiscal year revenues.
- The District had approximately \$25.8 million in expenses related to governmental activities, an increase of seven percent from the prior fiscal year primarily as a result of supplies and equipment purchased in response to COVID-19.
- Among major funds, the General Fund had \$14.8 million current fiscal year revenues, which primarily consisted of state aid and property taxes, and \$13.8 million in expenditures. The General Fund's fund balance increase from \$5.0 million at the prior fiscal year end to \$6.8 million at the end of the current fiscal year was primarily due to the increased base level support rate.

Overview of Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The accrual basis of accounting is used for the government-wide financial statements.

Blue Ridge Unified School District No. 32
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Overview of Financial Statements

The statement of net position presents information on all of the District's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues. The governmental activities of the District include instruction, support services, operation and maintenance of plant services, student transportation services, operation of non-instructional services, and interest on long-term debt.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are reported as governmental funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements use the modified accrual basis of accounting and focus on near-term inflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Blue Ridge Unified School District No. 32
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Overview of Financial Statements

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General, Federal and State Grants, and Debt Service Funds, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements and schedules.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's budget process and pension plan. The District adopts an annual expenditure budget for all governmental funds. A schedule of revenues, expenditures and changes in fund balances – budget and actual has been provided for the General Fund and major Special Revenue Funds as required supplementary information. Schedules for the pension and other postemployment benefit plans have been provided as required supplementary information.

Government-Wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceeded liabilities and deferred inflows by \$29.4 million at the current fiscal year end.

The largest portion of the District's net position reflects its investment in capital assets (e.g., land and improvements; buildings and improvements; vehicles, furniture and equipment; and construction in progress), less any related outstanding debt used to acquire those assets. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related outstanding debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. In addition, a portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance is unrestricted and may be used to meet the District's ongoing obligations to its citizens and creditors.

Blue Ridge Unified School District No. 32
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Government-Wide Financial Analysis

The following table presents a summary of the District's net position for the fiscal years ended June 30, 2023 and June 30, 2022.

	As of June 30, 2023	As of June 30, 2022
Current assets	\$ 11,709,570	\$ 12,275,469
Capital assets, net	48,653,632	49,979,181
Total assets	<u>60,363,202</u>	<u>62,254,650</u>
Deferred outflows	<u>2,585,194</u>	<u>3,405,208</u>
Current and other liabilities	392,505	1,732,407
Long-term liabilities	32,329,935	31,751,954
Total liabilities	<u>32,722,440</u>	<u>33,484,361</u>
Deferred inflows	<u>830,655</u>	<u>4,542,530</u>
Net position:		
Net investment in capital assets	31,937,994	30,877,736
Restricted	3,892,012	5,062,928
Unrestricted	(6,434,705)	(8,307,697)
Total net position	<u>\$ 29,395,301</u>	<u>\$ 27,632,967</u>

At the end of the current fiscal year the District reported positive balances in two categories of net position. Unrestricted net position, which is normally used to meet the District's mission, reported a deficit of \$6.4 million. The deficit is due to the District's proportionate share of the state pension plan's unfunded liability. The same situation held true for the prior fiscal year.

The District's financial position is the product of several financial transactions including the net result of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets. The following are significant current year transactions that had an impact on the Statement of Net Position.

- The principal retirement of \$2.4 million of bonds and financed purchases payable.
- The increase in accumulated depreciation of \$2.7 million through depreciation expense.
- The increase of \$3.3 million in pension liabilities.

Blue Ridge Unified School District No. 32
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Government-Wide Financial Analysis

The following are significant current year transactions that have had an impact on the change in net position.

- Property taxes revenues decreased \$2.6 million primarily as a result of a change in property tax rates.
- Capital grants and contributions increased \$858,737 primarily as a result of revenues being received for School Facilities Board projects.

The following table presents the cost of the District's major functional activities. The table also shows each function's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden that was placed on the State and District's taxpayers by each of these functions.

- The cost of all governmental activities this year was \$25.8 million.
- Federal and State governments and charges for services subsidized certain programs with grants and contributions and other local revenues of \$10.1 million.
- Net cost of governmental activities of \$15.7 million was financed by general revenues, which are made up of primarily property taxes of \$11.0 million, state aid of \$5.6 million, and unrestricted federal aid of \$833,817. Investment earnings accounted for \$160,773 of funding.

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported a combined fund balance of \$7.4 million, an increase of \$291,286.

Blue Ridge Unified School District No. 32
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Financial Analysis of the District's Funds

The General Fund comprises 92 percent of the total fund balance. Approximately \$6.7 million, or 99 percent of the General Fund's fund balance is unassigned.

The General Fund is the principal operating fund of the District. The increase in fund balance of \$1.3 million to \$6.8 million as of fiscal year end was primarily a result of expenditures being paid with other monies received by the District. General Fund revenues increased \$768,918, while expenditures decreased \$121,822.

The Federal and State Grants Fund's fund balance decreased from a deficit balance of \$2.6 million to a deficit balance of \$2.8 million primarily due to pending grant reimbursements.

The Debt Service Fund's fund balance decreased from \$1.3 million to \$434,213 primarily due to debt service payments.

Budgetary Highlights

Over the course of the year, the District revised the General Fund annual expenditure budget for changes in student enrollment counts. The difference between the original budget and the final amended budget was a \$2.1 million increase, or approximately 17 percent.

Significant variances for the final amended budget and actual revenues resulted from the District not being required by the State of Arizona to prepare a revenue budget. A schedule showing the original and final budget amounts compared to the District's actual financial activity for the General Fund is provided in this report as required supplementary information. The significant variances are summarized as follows:

- The favorable variance of \$1.6 million in instruction expenditures was primarily a result of funding provided by COVID-19 relief funds which allowed the District to allocate payroll expenditures out of the General Fund.
- The favorable variance of \$305,011 in support services – students and staff expenditures was primarily a result of funding provided by COVID-19 relief funds which allowed the District to allocate payroll expenditures out of the General Fund.

Blue Ridge Unified School District No. 32
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Capital Assets and Debt Administration

Capital Assets. At year end, the District had invested \$101.0 million in capital assets, including school buildings, athletic facilities, buses and other vehicles, computers, and other equipment. This amount represents a net increase prior to depreciation of \$1.4 million from the prior fiscal year, primarily due to land improvements, building improvements and the purchase of vehicles, furniture, and equipment. Construction in progress at the end of the year totaled \$1.6 million. Total depreciation expense for the current fiscal year was \$2.7 million.

The following schedule presents a summary of capital asset balances for the fiscal years ended June 30, 2023 and June 30, 2022.

	As of June 30, 2023	As of June 30, 2022
Capital assets - non-depreciable	\$ 2,434,470	\$ 1,303,897
Capital assets - depreciable, net	46,219,162	48,675,284
Total	<u>\$ 48,653,632</u>	<u>\$ 49,979,181</u>

Additional information on the District's capital assets can be found in Note 7.

Debt Administration. At year end, the District had \$15.6 million in long-term debt outstanding, \$2.5 million due within one year.

The District's general obligation bonds are subject to two limits; the Constitutional debt limit (total debt limit) on all general obligation bonds (up to 30 percent of the total net full cash assessed valuation) and the statutory debt limit on Class B bonds (the greater of 20 percent of the net full cash assessed valuation or \$1,500 per student). The current total debt limitation for the District is \$101.5 million and the Class B debt limit is \$67.7 million, which are more than the District's total outstanding general obligation and Class B debt, respectively.

Additional information on the District's long-term debt can be found in Notes 9 through 11.

Economic Factors and Next Year's Budget and Rates

Many factors were considered by the District's administration during the process of developing the fiscal year 2023-24 budget. Among them:

- District student population (estimated 1,681).
- Employee salaries (estimated \$7.6 million).

Also considered in the development of the budget is the local economy and inflation of the surrounding area.

Blue Ridge Unified School District No. 32
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Economic Factors and Next Year's Budget and Rates

Budgeted expenditures in the General Fund decreased eight percent to \$13.1 million in fiscal year 2023-24. An expected reduction in student enrollment is the primary reason for the decrease. State aid and property taxes are expected to be the primary funding sources. No new programs were added to the 2023-24 budget.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the resources it receives. If you have questions about this report or need additional information, contact the Business and Finance Department, Blue Ridge Unified School District No. 32, 1200 West White Mountain Boulevard, Lakeside, Arizona, 85929.

Blue Ridge Unified School District No. 32
Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2023

Changes in fund balances - total governmental funds **\$ 291,286**

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report the portion of capital outlay for capitalized assets as expenditures. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives and reported as depreciation/amortization expense.

Expenditures for capitalized assets	\$ 1,389,334	
Less current year depreciation/amortization	<u>(2,714,883)</u>	
		(1,325,549)

Some revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	(24,541)	
Intergovernmental	<u>721,029</u>	
		696,488

Repayments of long-term debt principal are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

Financed purchase principal retirement	184,109	
Bond principal retirement	<u>2,210,000</u>	
		2,394,109

Governmental funds report pension contributions as expenditures. However, they are reported as deferred outflows of resources in the Statement of Net Position. The change in the net pension liability, adjusted for deferred items, is reported as pension expense in the Statement of Activities.

Current year pension contributions	1,397,912	
Pension expense	<u>(1,592,888)</u>	
		(194,976)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Deferred bond items on issuance of refunding debt	(256,386)	
Amortization of deferred bond items	256,693	
Compensated absences	<u>52,605</u>	
		<u>52,912</u>

Changes in net position in governmental activities **\$ 1,914,270**

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

The financial statements of the Blue Ridge Unified School District No. 32 (District) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

During the year ended June 30, 2023, the District implemented the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITAs)*. This Statement increases the usefulness of the financial statements by requiring the recognition of certain assets and liabilities for SBITAs. This Statement also requires a government to disclose essential information about the arrangement. The District's analysis of SBITAs in effect at the beginning of the year resulted in no changes to beginning balances reported in the financial statements due to the implementation of this standard.

In addition, during the year the District consolidated individual reporting funds that were presented separately in the prior year financial statements. The consolidated funds include the Federal and State Grants Fund, Other Special Revenue Fund, and Other Capital Projects Fund.

The more significant of the District's accounting policies are described below.

A. Reporting Entity

The Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenditures/expenses.

The membership of the Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools.

The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

The District's major operations include education, student transportation, construction and maintenance of District facilities, food services, bookstore and athletic functions.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) present financial information about the District as a whole. The reported information includes all of the nonfiduciary activities of the District. For the most part, the effect of internal activity has been removed from these statements. These statements are to distinguish between the governmental and business-type activities of the District.

Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities or fiduciary activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The District does not allocate indirect expenses to programs of functions. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, unrestricted federal, state aid, and other items not included among program revenues are reported instead as general revenues.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. As a general rule, the effect of internal activity has been eliminated from the government-wide financial statements; however, the effects of interfund services provided and used between functions are reported as expenses and program revenues at amounts approximating their external exchange value.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

Fund Financial Statements – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Issuances of long-term debt and acquisitions under lease contracts and subscription-based information technology arrangements are reported as other financing sources.

Property taxes, state aid, tuition and investment income associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Food services and miscellaneous revenues are not susceptible to accrual because generally they are not measurable until received in cash. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Unearned revenues arise when resources are received by the District before it has legal claim to them, as when grant monies are received prior to meeting all eligibility requirements imposed by the provider.

Delinquent property taxes and other receivables that will not be collected within the available period have been reported as unavailable revenues on the governmental fund financial statements.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

The District reports the following major governmental funds:

General Fund – The General Fund is the District's primary operating fund. It accounts for all resources used to finance District maintenance and operation except those required to be accounted for in other funds. The General Fund includes the District's Maintenance and Operation Fund and the Unrestricted Capital Outlay Fund, as well as certain activities budgeted in separate funds in accordance with A.R.S. These funds are maintained as separate funds for budgetary purposes but do not meet the criteria for separate reporting in the financial statements.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

Federal and State Grants Fund – The Federal and States Grants Fund accounts for financial assistance received for federal and state grants and projects.

Other Special Revenue Funds – The Other Special Revenue Funds accounts for the revenues and expenditures of other special revenue activities, including the following: civic center, community school, extracurricular activities fees tax credit, and student activities.

Debt Service Funds – The Debt Service Fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs.

D. Cash and Investments

A.R.S. require the District to deposit all cash with the County Treasurer, except as discussed below. Cash with the County Treasurer is pooled for investment purposes, except for cash of the Debt Service and Bond Building Funds that may be invested separately. Interest earned from investments purchased with pooled monies is allocated to each of the District's funds based on their average balances. As required by statute, interest earnings of the Bond Building Fund are recorded initially in that fund, but then transferred to the Debt Service Fund. All investments are stated at fair value.

Statute authorizes the District to separately invest monies of the Bond Building and Debt Service Funds in the State Treasurer's investment pools; obligations issued and guaranteed by the United States or any of its agencies or instrumentalities; specified state and local government bonds and notes; and interest bearing savings accounts or certificates of deposit.

Statute authorizes the District to deposit monies of the Auxiliary Operations and Student Activities Funds in bank accounts. Monies in these funds may also be invested. In addition, statute authorizes the District to maintain various bank accounts such as clearing accounts to temporarily deposit receipts before they are transmitted to the County Treasurer; revolving accounts to pay minor disbursements; and withholdings accounts for taxes and employee insurance programs. Some of these bank accounts may be interest bearing.

Statute does not include any requirements for credit risk, concentration of credit risk, interest rate risk, or foreign currency risk. Arizona statute requires a pooled collateral program for public deposits and a Statewide Collateral Pool Administrator (Administrator) in the State Treasurer's Office. The purpose of the pooled collateral program is to ensure that governmental entities' public deposits placed in participating depositories are secured with collateral of 102 percent of the public deposits, less any applicable federal depository insurance. An eligible depository may not retain or accept any public deposit unless it has deposited the required collateral with a qualified escrow agent or the Administrator. The Administrator manages the pooled collateral program, including reporting on each depository's compliance with the program.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

E. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments. Investment income is included in other local revenue in the fund financial statements.

F. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Interfund balances between governmental funds are eliminated on the Statement of Net Position.

All receivables, including property taxes receivable, are shown net of an allowance for uncollectibles.

G. Property Tax Calendar

The County Treasurer is responsible for collecting property taxes for all governmental entities within the county. The county levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

Pursuant to A.R.S., a lien against assessed real and personal property attaches on the first day of January preceding assessment and levy; however according to case law, an enforceable legal claim to the asset does not arise.

H. Inventory

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories consist of expendable supplies held for consumption. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

The United States Department of Agriculture (USDA) commodity portion of the food services inventory consists of food donated by the USDA. It is valued at estimated market prices paid by the USDA.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

I. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

J. Capital Assets

Capital assets, which include land and improvements; buildings and improvements; vehicles, furniture, and equipment; and construction in progress are reported in the government-wide financial statements.

Capital assets are defined by the District as assets with an initial, individual cost in excess of \$5,000 and an estimated useful life of more than one year. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Capital assets are depreciated using the straight-line method over the estimated useful life of the asset. Intangible right-to-use assets are amortized over the shorter of the lease/subscription term or the underlying asset's useful life. The estimated useful lives and amortization periods are as follows:

Land improvements	15 – 25 years
Buildings and improvements	10 – 75 years
Vehicles, furniture and equipment	5 – 20 years

K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

L. Compensated Absences

The District's employee vacation and sick leave policies generally provide for granting vacation and sick leave with pay in varying amounts. Only benefits considered vested are recognized in the financial statements. The liability for vacation and sick leave is reported in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee leave, resignations and retirements. Generally, resources from the General Fund are used to pay for compensated absences.

M. Leases

As lessor, the District recognizes lease receivables with an initial, individual value of \$13,000 or more. If there is no stated rate in the lease contract (or if the stated rate is not the rate the District charges the lessee) and the implicit rate cannot be determined, the District uses an interest rate based on the Applicable Federal Rate as the discount to measure lease receivables.

N. Pensions

For purposes of measuring the net pension liability, related deferred outflows of resources and deferred inflows of resources, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

O. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Deferred amounts on refunding result from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

P. Interfund Activity

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund financial statements are reported as other financing sources/uses in governmental funds.

Q. Net Position Flow Assumption

In the government-wide financial statements, the District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted amounts are available.

R. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 2 – Fund Balance Classifications

Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

Nonspendable. The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact.

Restricted. Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

Committed. The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action of the Governing Board. Those committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The District does not have a formal policy or procedures for the utilization of committed fund balance, accordingly, no committed fund balance amounts are reported.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 2 – Fund Balance Classifications

Assigned. Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Governing Board or a management official delegated that authority by the formal Governing Board action. The District does not have a formal policy or procedures for the utilization of assigned fund balance, accordingly, no assigned fund balance amounts are reported.

Unassigned. Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The table below provides detail of the major components of the District's fund balance classifications at year end. Voter approved initiatives include monies restricted in the Classroom Site and Instructional Improvement Funds.

	General	Federal and State Grants	Debt Service	Non-Major Governmental Funds
Fund Balances:				
Restricted:				
Debt service	\$	\$	\$ 434,213	\$
Capital projects				790,923
Bond building projects				31,655
Voter approved initiatives				740,108
Food service				736,726
Civic center				194,135
Community schools				40,115
Extracurricular activities				322,898
Insurance proceeds	79,685			
Insurance refund	15,805			
Other purposes				172,897
Unassigned	6,675,063	(2,774,133)		(100,335)
Total fund balances	<u>\$ 6,770,553</u>	<u>\$ (2,774,133)</u>	<u>\$ 434,213</u>	<u>\$ 2,929,122</u>

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 3 – Stewardship, Compliance and Accountability

Individual Deficit Fund Balance – At year end, the following individual major and non-major governmental funds reported deficits in fund balance.

	<u>Deficit</u>
Major Fund:	
Federal and State Grants	\$ 2,774,133
Non-Major Governmental Fund:	
Other Capital Projects	100,335

The deficits arose because of operations during both the current and prior fiscal years because of pending grant reimbursements. Additional revenues received in future fiscal years are expected to eliminate the deficits.

Excess Expenditures Over Budget – At year end the District had expenditures in funds that exceeded their budgets, however this does not constitute a violation of any legal provisions.

Note 4 – Cash and Investments

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of bank failure the District's deposits may not be returned to the District. The District does not have a deposit policy for custodial credit risk. At year end, the carrying amount of the District's deposits was \$899,001 and the bank balance was \$1,316,170. At year end, \$816,170 of the District's deposits were covered by collateral held by the pledging financial institution's trust department or agent but not in the District's name.

Fair Value Measurements. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- Level 1 inputs are quoted prices in active markets for identical assets
- Level 2 inputs are significant other observable inputs
- Level 3 inputs are significant unobservable inputs

Valuation Techniques. Equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

The County Treasurer's pool is an external investment pool with no regulatory oversight. The pool is not required to register (and is not registered) with the Securities and Exchange Commission. The fair value of each participant's position in the County Treasurer investment pool approximates the value of the participant's shares in the pool and the participants' shares are not identified with specific investments. Participants in the pool are not required to categorize the value of shares in accordance with the fair value hierarchy.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 4 – Cash and Investments

All investments in which the fair value hierarchy is applicable are measured at fair value on a recurring basis. At year end, the District's investments consisted of the following:

Investment Type	Category	Fair Value	Investment Maturities (in Years)
			Less than 1
Certificates of deposit	Level 1	\$ 14,868	\$ 14,868
			<u>\$ 14,868</u>
County Treasurer's investment pool	Not applicable	6,408,182	1.1178 years
Total		<u>\$ 6,423,050</u>	

Interest Rate Risk. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. The District has no investment policy that would further limit its investment choices. As of year end, the District's investment in the County Treasurer's investment pool did not receive a credit quality rating from a national rating agency.

Custodial Credit Risk – Investments. The District's investments in the County Treasurer's investment pool represent a proportionate interest in the pool's portfolio; however, the District's portion is not identified with specific investments and is not subject to custodial credit risk.

Note 5 – Receivables

Receivable balances, net of allowance for uncollectibles, have been disaggregated by type and presented separately in the financial statements with the exception of due from governmental entities. Due from governmental entities, net of allowance for uncollectibles, as of year end for the District's individual major funds and non-major governmental funds in the aggregate were as follows:

	General	Federal and State Grants	Non-Major Governmental Funds
Due from other governmental entities:			
Due from federal government	\$ 21,125	\$ 3,009,018	\$ 56,885
Due from state government			94,907
Due from other districts	<u>470,349</u>		
Net due from governmental entities	<u>\$ 491,474</u>	<u>\$ 3,009,018</u>	<u>\$ 151,792</u>

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 6 – Leases Receivable

The District acts as a lessor for various land agreements under the provisions of contracts classified as leases. The related receivables under the lease agreements have been recorded at the present value of their future minimum lease payments as of the inception date. Lease revenue of \$64,918 and related interest revenue of \$1,249 are recorded as other local revenue in the General Fund and the Other Special Revenue Fund, a non-major governmental fund.

Future minimum lease payments to be received under the lease agreements at year end are summarized as follows:

Year Ending June 30:		
2024	\$	68,787
2025		69,255
2026		50,635
2027		40,658
2028		10,523
2029-33		54,211
2034-38		56,977
2039-43		59,885
2044-47		50,099
Total	\$	<u>461,030</u>

Note 7 – Capital Assets

A summary of capital asset activity for the current fiscal year follows:

	Beginning Balance	Increase	Decrease	Ending Balance
Governmental Activities				
Capital assets, not being depreciated:				
Land	\$ 799,520	\$	\$	\$ 799,520
Construction in progress	504,377	1,130,573		1,634,950
Total capital assets, not being depreciated	<u>1,303,897</u>	<u>1,130,573</u>		<u>2,434,470</u>
Capital assets, being depreciated:				
Land improvements	4,751,791	42,107		4,793,898
Buildings and improvements	85,790,445	13,142		85,803,587
Vehicles, furniture and equipment	7,794,436	203,512		7,997,948
Total capital assets being depreciated	<u>98,336,672</u>	<u>258,761</u>		<u>98,595,433</u>
Less accumulated depreciation for:				
Land improvements	(3,008,943)	(142,600)		(3,151,543)
Buildings and improvements	(41,544,640)	(2,214,906)		(43,759,546)
Vehicles, furniture and equipment	(5,107,805)	(357,377)		(5,465,182)
Total accumulated depreciation	<u>(49,661,388)</u>	<u>(2,714,883)</u>		<u>(52,376,271)</u>
Total capital assets, being depreciated, net	<u>48,675,284</u>	<u>(2,456,122)</u>		<u>46,219,162</u>
Governmental activities capital assets, net	<u>\$ 49,979,181</u>	<u>\$ (1,325,549)</u>		<u>\$ 48,653,632</u>

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 7 – Capital Assets

Depreciation expense was charged to governmental functions as follows:

Instruction	\$	1,426,474
Support services – students and staff		12,890
Support services – administration		11,400
Operation and maintenance of plant services		1,029,853
Student transportation services		212,405
Operation of non-instructional services		21,861
Total depreciation expense – governmental activities	\$	<u>2,714,883</u>

Construction Commitments – At year end, the District had contractual commitments related to various capital projects for the construction of weatherization and roof replacement. At year end, the District had spent \$1.6 million on the projects and had estimated remaining contractual commitments of \$311,453. These projects are being funded from the General Fund revenues and funding from the School Facilities Board.

Note 8 – Short Term Debt – Revolving Line of Credit

The District has a revolving line of credit to provide cash flow during the year to mitigate the impact of timing differences of expenditures and the receipt of state aid and property tax revenues. At year end, the District has \$600,000 in unused line of credit.

Note 9 – Financed Purchases Payable

The District has acquired copiers and energy savings retrofits under the provisions of contracts classified as financed purchases payable. Revenues from the General Funds, a non-major governmental fund, are used to pay the debt obligations. Revenues from the General Fund are transferred to the Other Capital Projects Fund to pay the debt obligations when due. The District receives a federal interest subsidy to fund the interest payments for the District-wide energy project.

Annual debt service requirements to maturity on financed purchases payable at year end are summarized as follows:

Year ending June 30:	Governmental Activities	
	Principal	Interest
2024	\$ 196,130	\$ 47,348
2025	208,685	40,913
2026	221,794	34,068
2027	235,479	26,795
2028	249,763	19,075
2029-30	401,928	13,106
Total	<u>\$ 1,513,779</u>	<u>\$ 181,305</u>

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 10 – General Obligation Bonds Payable

Bonds payable at year end consisted of the following outstanding general obligation bonds. The bonds are callable with interest payable semiannually. Property taxes from the Debt Service Fund are used to pay bonded debt. The District's legal debt limit is \$101.5 million, and the available margin is \$67.7 million.

Purpose	Original Amount Issued	Interest Rates	Remaining Maturities	Outstanding Principal June 30, 2023	Due Within One Year
Governmental activities:					
SIB Series 2017	\$ 13,920,000	3.625-5.00%	7/1/24-36	\$ 9,805,000	\$ 230,000
Refunding Bond, Series 2021	8,100,000	4.00%	7/1/24-25	<u>4,225,000</u>	<u>2,075,000</u>
Total				<u>\$ 14,030,000</u>	<u>\$ 2,305,000</u>

Annual debt service requirements to maturity on general obligation bonds at year end are summarized as follows:

Year ending June 30:	Governmental Activities	
	Principal	Interest
2024	\$ 2,305,000	\$ 613,426
2025	2,390,000	518,926
2026	1,190,000	420,926
2027	1,245,000	361,426
2028	1,310,000	299,176
2029-33	3,850,000	749,580
2034-36	<u>1,740,000</u>	<u>131,952</u>
Total	<u>\$ 14,030,000</u>	<u>\$ 3,095,412</u>

Note 11 – Changes in Long-Term Liabilities

Long-term liability activity for the current fiscal year was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Bonds payable:					
General obligation bonds	\$ 16,240,000	\$	\$ 2,210,000	\$ 14,030,000	\$ 2,305,000
Premium	<u>1,514,014</u>		<u>256,693</u>	<u>1,257,321</u>	
Total bonds payable	<u>17,754,014</u>		<u>2,466,693</u>	<u>15,287,321</u>	<u>2,305,000</u>
Financed purchases payable	1,697,888		184,109	1,513,779	196,130
Net pension liability	11,963,566	3,281,388		15,244,954	
Compensated absences payable	<u>336,486</u>	<u>114,523</u>	<u>167,128</u>	<u>283,881</u>	<u>131,855</u>
Total long-term liabilities	<u>\$ 31,751,954</u>	<u>\$ 3,395,911</u>	<u>\$ 2,817,930</u>	<u>\$ 32,329,935</u>	<u>\$ 2,632,985</u>

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 12 – Interfund Receivables, Payables, and Transfers

At year end, interfund balances were as follows:

Due to/from other funds:

	General
Federal and State Grants	\$ 2,821,921
Non-Major Governmental Funds	154,836
Total Due from Other Funds	<u>\$ 2,976,757</u>

At year end, several funds had negative cash balances in the Treasurer’s pooled cash accounts. Negative cash on deposit with the County Treasurer was reduced by interfund borrowing with other funds. All interfund balances are expected to be paid within one year.

Interfund transfers:

		Transfers in	
		Non-Major	
		Governmental	
Transfers out	General	Funds	Total
General	\$	\$ 237,500	\$ 237,500
Federal and State Grants	598,968		598,968
Non-Major Governmental Funds	17,200		17,200
Total	<u>\$ 616,168</u>	<u>\$ 237,500</u>	<u>\$ 853,668</u>

Transfers between funds were used to (1) transfer energy savings from the General Fund to the Energy and Water Savings Fund, a non-major governmental fund, as allowed by statute, and (2) to move federal grant funds restricted for indirect costs.

Note 13 – Contingent Liabilities

Compliance – Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures/expenses that may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 14 – Prior Period Adjustments

The July 1, 2022, government-wide net position and the fund balance of the Other Special Revenues Fund, a non-major governmental fund, did not agree to the prior year financial statements due to corrections made to fund balances.

	Statement of Activities	Governmental Funds Non-Major Governmental Funds
Net Position/fund balance, June 30, 2022 as previously reported	\$ 27,632,967	\$ 989,839
Correction of previously reported balances	<u>(151,936)</u>	<u>(151,936)</u>
Net Position/fund balance, July 1, 2022, as restated	<u>\$ 27,481,031</u>	<u>\$ 837,903</u>

Note 15 – Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The District was unable to obtain general property and liability insurance at a cost it considered to be economically justifiable. Therefore, the District joined the Arizona School Risk Retention Trust, Inc. (ASRRT). ASRRT is a public entity risk pool currently operating as a common risk management and insurance program for school districts and community colleges in the State. The District pays an annual premium to ASRRT for its general insurance coverage. The agreement provides that ASRRT will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of specified amounts.

The District joined the Arizona School Alliance for Workers' Compensation, Inc. (Alliance) together with other school districts in the state for risks of loss related to workers' compensation claims. The Alliance is a public entity risk pool currently operating as a common risk management and insurance program for school districts in the State. The District pays quarterly premiums to the Alliance for its employee workers' compensation coverage. The agreement provides that the Alliance will be self-sustaining through members' premiums and will reinsure through commercial companies for claims in excess of specified amounts for each insured event.

The District's employees have health and accident insurance coverage with Kairos Health Arizona, Inc. Kairos is a public entity risk pool currently operating as a common risk management and insurance program for school districts in the State. The District pays a monthly premium to Kairos for employees' health and accident insurance coverage. The agreement provides that Kairos will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of specified amounts.

Note 16 – Pensions

Plan Description. District employees participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. ASRS is a component unit of the State of Arizona. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on the ASRS website at www.azasrs.gov.

The ASRS OPEB plans are not further disclosed because of their relative insignificance to the District's financial statements.

Benefits Provided. The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	Retirement Initial Membership Date:	
	Before July 1, 2011	On or After July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years, age 62 5 years, age 50* Any years, age 65	30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50* Any years, age 65
Final average salary is based on	Highest 36 months of last 120 months	Highest 60 months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

*With actuarially reduced benefits

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earnings. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the survivor benefit is determined by the retirement benefit option chosen. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 16 – Pensions

Contributions. In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the current fiscal year, active ASRS members were required by statute to contribute at the actuarially determined rate of 12.17 percent (12.03 percent for retirement and 0.14 percent for long-term disability) of the members' annual covered payroll, and the District was required by statute to contribute at the actuarially determined rate of 12.17 percent (11.92 percent for retirement, 0.11 percent for health insurance premium benefit, and 0.14 percent for long-term disability) of the active members' annual covered payroll. The District's contributions to the pension plan for the year ended June 30, 2023 were \$1,397,912.

Employers are also required to pay an Alternate Contribution Rate (ACR), for retired members who return to work in positions that would typically be filled by an employee who contributes to ASRS. The District was required by statute to contribute at the actuarially determined rate of 9.68 percent (9.62 for retirement and 0.06 percent for long-term disability). ACR contributions are included in employer contributions presented above.

The District's pension plan contributions are paid by the same funds as the employee's salary, with the largest component coming from the General Fund.

Pension Liability. The net pension liability was measured as of June 30, 2022. The total liability used to calculate the net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2021, to the measurement date of June 30, 2022. The District's proportion of the net liability was based on the District's actual contributions to the applicable plan relative to the total of all participating employers' contributions to the plan for the year ended June 30, 2022.

At June 30, 2023, the District reported the following amounts for its proportionate share of the pension plan net liability. In addition, at June 30, 2022, the District's percentage proportion for the plan and the related change from its proportion measured as of June 30, 2021 was:

Net Liability	District % Proportion	Increase (Decrease)
\$ 15,244,954	0.093	0.002

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 16 – Pensions

Pension Expense and Deferred Outflows/Inflows of Resources. The District has deferred outflows and inflows of resources related to the net pension liability. Certain changes in the net pension liability are recognized as pension expense over a period of time rather than the year of occurrence. The District's pension expense for the year ended June 30, 2023 was \$1,592,888.

The District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 129,896	\$
Changes of assumptions or other inputs	756,637	
Net difference between projected and actual earnings on pension investments		401,567
Changes in proportion and differences between contributions and proportionate share of contributions	246,942	
Contributions subsequent to the measurement date	1,397,912	
Total	<u>\$ 2,531,387</u>	<u>\$ 401,567</u>

The amounts of deferred outflows of resources resulting from contributions subsequent to the measurement date as reported in the table above will be recognized as an adjustment of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30:	
2024	\$ 857,326
2025	(70,931)
2026	(697,214)
2027	642,727

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 16 – Pensions

Actuarial Assumptions. The significant actuarial assumptions used to measure the total pension liability are as follows:

Actuarial valuation date	June 30, 2021
Actuarial roll forward date	June 30, 2022
Actuarial cost method	Entry age normal
Investment rate of return	7.0%
Inflation	2.3%
Projected salary increases	2.9-8.4%
Permanent base increases	Included
Mortality rates	2017 SRA Scale U-MP

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2020. The purpose of the experience study was to review actual experience in relation to the actuarial assumptions in effect. The ASRS Board adopted the experience study recommended changes which were applied to the June 30, 2020, actuarial valuation.

The long-term expected rate of return on ASRS plan investments was determined to be 7.0 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, excluding any expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
Equity	50%	3.90%
Credit	20	5.30
Interest rate sensitive bonds	10	(0.20)
Real estate	20	6.00
Total	100%	

Blue Ridge Unified School District No. 32
Notes to Financial Statements
June 30, 2023

Note 16 – Pensions

Discount Rate. The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.0 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Current		
	1% Decrease	Discount Rate	1% Increase
Rate	6.0%	7.0%	8.0%
Net liability	\$ 22,493,477	\$ 15,244,954	\$ 9,200,819

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued ASRS financial report. The report is available on the ASRS website at www.azasrs.gov.

Note 1 – Budgetary Basis of Accounting

The District budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America, except for the following items.

- Certain activities reported in the General Fund are budgeted in separate funds in accordance with Arizona Revised Statutes.

The following schedule reconciles expenditures and fund balances at the end of year:

	Total	Fund
	Expenditures	Balances
		End of Year
Statement of Revenues, Expenditures and Changes in		
Fund Balances - Governmental Funds	\$ 13,822,270	\$ 6,770,553
Activity budgeted as special revenue funds	(1,248,863)	(2,914,071)
Activity budgeted as capital projects funds	(370,829)	(1,108,069)
Schedule of Revenue, Expenditures and Changes in		
Fund Balances – Budget and Actual - General Fund	<u>\$ 12,202,578</u>	<u>\$ 2,748,413</u>

Note 2 – Pension Plan Schedules

Actuarial Assumptions for Valuations Performed. The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated, which is the most recent actuarial valuation. The actuarial assumptions used are disclosed in the notes to the financial statements.

Factors that Affect Trends. The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2020. The purpose of the experience study was to review actual experience in relation to the actuarial assumptions in effect. The ASRS Board adopted the experience study recommended changes which were applied to the June 30, 2020, actuarial valuation.

Special Revenue Funds

Classroom Site – to account for the financial activity for the portion of state sales tax collections and permanent state school fund earnings as approved by the voters in 2000.

Instructional Improvement – to account for the activity of monies received from gaming revenue.

Food Service – to account for the financial activity of school activities that have as their purpose the preparation and serving of regular and incidental meals and snacks in connection with school functions.

Other Special Revenue Funds – to account for the revenues and expenditures of other special revenue activities, including the following: civic center, community school, extracurricular activities fees tax credit, and student activities.

Capital Projects Funds

Adjacent Ways – to account for monies received to finance improvements of public ways adjacent to school property.

Bond Building – to account for proceeds from District bond issues that are expended on the acquisition or lease of sites; construction or renovation of school buildings; supplying school buildings with furniture, equipment, and technology; improving school grounds; or purchasing pupil transportation vehicles.

Other Capital Projects Funds – to account for the revenues and expenditures of other capital projects activities, including the following: energy water and savings and building renewal grant.

Statistical Section

The statistical section presents financial statement trends as well as detailed financial and operational information not available elsewhere in the report. The statistical section is intended to enhance the reader's understanding of the information presented in the financial statements, notes to the financial statements, and other supplementary information presented in this report. The statistical section is comprised of the five categories of statistical information presented below.

Financial Trends

These schedules contain information on financial trends to help the reader understand how the District's financial position and financial activities have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the District's ability to generate revenue.

Debt Capacity

These schedules present information to help the reader evaluate the District's current levels of outstanding debt as well as assess the District's ability to make debt payments and/or issue additional debt in the future.

Demographic and Economic Information

These schedules present various demographic and economic indicators to help the reader understand the environment in which the District's financial activities take place and to help make comparisons with other school districts.

Operating Information

These schedules contain information about the District's operations and various resources to help the reader draw conclusions as to how the District's financial information relates to the services provided by the District.

Note: For locally assessed property (i.e., excluding mines, utilities, etc.) Proposition 117, approved by voters in 2012, amended the Arizona Constitution to require that all property taxes after fiscal year 2014-15 be based upon property values limited to five percent in annual growth. The aggregate assessed value of all taxable properties within a taxing jurisdiction (i.e., after applying assessment ratios based on the use of a property), including property values with a growth limit, is currently referred to as net limited assessed value and formerly as primary assessed value. In accordance with Proposition 117, this value is used for all taxing purposes beginning fiscal year 2015-16. Aggregate assessed value without a growth limit is currently referred to as net full cash assessed value and formerly as secondary assessed value. This remains the value utilized for determining debt capacity limits.

Source: The source of this information is the District's financial records.

- Notes:** 1) The District's general obligation bonds are subject to two limits: the Constitutional debt limit (total debt limit) on all general obligation bonds outstanding and the statutory debt limit on Class B bonds outstanding. The calculations of the debt margins are presented in detail for the current fiscal year only.
- 2) Prior to FY17, net bond premium was restricted by amount and not subject to the statutory debt limit. Beginning with FY17, any additional net premium used for capital projects, bond counsel, printing and preparation of offering documents, a financial advisor, paying agent costs or to pay down debt is counted against both debt limits with the exception of amounts of premium deposited into the Debt Service Fund or a refunding escrow to pay interest payments.
