1.1 Instructional Time Model (ITM)

H.B. 2862 sets forth the definition of a school year as beginning July 1 and ending June 30 with a school month composed of twenty school days, or four weeks of five days each. In addition to setting forth this definition, H.B. 2862 allows school districts and charter districts to adopt an Instructional Time Model (ITM) to meet the instructional hour requirements in A.R.S. §§ 15-808 and 15-901 which provides flexibility for a school district or charter district to determine the manner in which instructional hours are provided to students, including: remote courses, project based learning, mastery-based learning, weekend courses, or evening courses. Before a school district adopts an ITM, the school district must hold at least two public hearings.
